WHO WE ARE

First 5 Placer is a public organization that was created after California voters passed Proposition 10, known as "The Children and Families Act". Proposition 10 is a tobacco tax that funds local First 5 county commissions to support the healthy development of children through age 5 in their jurisdiction. In Placer County, the First 5 Placer Children & Families Commission develops and implement a strategic plan for tobacco tax funds to fulfill our vision and mission.

First 5 Placer supports community partnerships and programs that enhance the lives of children, from the prenatal stages through age 5, and their families.

First 5 Placer believes all children are our children, therefore we shall create an environment that supports our children and their families in reaching their full potential. In order to achieve our Vision we will focus on early childhood development and will support and build on existing collaborative efforts by bringing together diverse perspectives, communities, and resources to assure comprehensive integrated strategies and holistic family-centered sustainable approaches.

First 5 Placer is a semi-autonomous County entity governed by a nine-member Commission and is supported by four staff through the Placer County Office of Education. See www.first5placer.org for more information, including the Commission's most recent strategic plan.
